404-531-4160

This 2 day workshop is the perfect way to get introduced to watercolor or get a good refresher if you've been away from it for awhile. The workshop includes understanding the Watercolor medium and materials and basic techniques for applying paint, color mixing and more. There will be instruction, demonstration of technique, exercises, a "paint along" so you see how to approach a painting from start to finish and an opportunity for you to paint with instructor guidance as needed.

Instructor, Pat Fiorello, learned to paint as an adult and believes everyone can learn to paint. She has taught hundreds of total beginners in her popular "Art for Non- Artists Workshop" and has exceptional patience and empathy for adult learners. Come try out something new in a supportive and fun environment.
