

Flowers Alla Prima Oil Painting Workshop with Pat Fiorello

This 2-day workshop will help you to approach painting flowers directly in oil with a loose, fresh, soft approach. There will be demo's, studies and instruction (including understanding and simplifying flower shapes and form, mixing color for flowers and foliage, among other topics) and guidance while you paint from Pat. We will be working from fresh flower set-ups.

Pat is known for her romantic landscape, garden and floral paintings that have a soft, impressionistic feel. She has had over a dozen solo shows including shows at the State Botanical Garden of Georgia and Callaway Gardens. Passionate about flowers, Pat has studied floral design at the Halls Design School. She teaches painting workshops in the U.S., Caribbean and Europe, including a past workshop at Monet's Garden in Giverny, France.
